📍 Barranca, Lima, Peru

✉ omarvillarreal2000@gmail.com

☎ (+51) 938273697

EDUCATION:

Bachelor of Software Engineering

Universidad Nacional Mayor de San Marcos

Graduation date: January 2023

PROFESSIONAL EXPERIENCE

Full-Stack developer

AMG Alarcon Management Group

January 2023 - present

- Implemented an ERP system integrating testable and reusable components.
- Optimized business logic through stored procedures in MySQL.
- Incorporated non-relational databases to manage high-performance processes.
- Integrated external APIs such as RingCentral and Meta to automate data management.
- In my second year, I was promoted to Supervisor thanks to my performance, taking on team management under Scrum principles. I focused on task tracking, facilitating agile meetings, and promoting continuous improvement, which increased the team's productivity.

Backend Developer

Agencia Lima Digital

August 2022 – November 2022

- Contributed to the implementation of an ERP system by developing functionalities requested directly by the client.
- Supported the frontend team in the integration and consumption of external APIs.

SKILLS:

- **Soft skills:** effective communication, leadership, teamwork, adaptability.
- **Hard skills:** English (C1), Vue.js, Laravel, Git, NestJS, MySQL, MongoDB and other tools.

CERTIFICATIONS:

Dec 16, 2021: Microsoft SQL Server Specialist
